VOLUME CVIII.--NO. 72. ALEXANDRIA, VA., MONDAY EVENING, MARCH 25, 1907. PRICE 2 CENTS.

Trust to Nature.

A great many Americans, both men and women, are thin, pale and puny, with poor circulation, because they have ill-treated their stomachs by hasty eating or too much eating, by consuming alcoholic beverages, or by too close confinement to home, office or factory, and in consequence the stomach must be treated in a natural way before they can rectify their earlier mistakes. The muscles in many such people, in fact in every weary, thin and thin-blooded person, do their work with great difficulty. As a result fatigue comes early, is extreme and lasts long. The demand for nutritive aid is ahead of the supply. To insure perfect health every tissue, bone, nerve and muscle should take from the blood certain materials and return to it certain others. It is necessary to prepare the stomach for the work of taking up from the food what is necessary to make good, rich, red blood. We must go to Nature for the remedy. There were certain roots known to the Indians of this country before the advent of the whites which later came to the knowledge of the settlers and which are now growing rapidly in professional favor for the cure of obstinate stomach and liver troubles. These are found to be safe and yet certain in their cleansing and invigorating effect upon the stomach, liver and blood. These are: Golden Seal root, Queen's root, Stone root, Bloodroot, Mandrake root. Then there is Black Cherry bark. The medicinal principles residing in these native roots when extracted with glycerine as a solvent make the most reliable and efficient stomach tonic and liver invigorator, when combined in just the right proportions, as in Dr. Pierce's Golden Medical Discovery. Where there is bankrupt vitality—such as nervous exhaustion, bad nutrition—and thin blood, the body acquires vigor and the nerves, blood and all the tissues feel the favorable effect of this sovereign remedy.

Although some physicians have been aware of the high medicinal value of the above mentioned plants, yet few have used pure glycerine as a solvent and usually the doctors' prescriptions called for the ingredients in varying amounts, *with alcohol*.

The "Golden Medical Discovery" is a scientific preparation compounded of the glyceric extracts of the above mentioned vegetable ingredients and contains no alcohol or harmful habit-forming drugs.

A Positive CURE

CATARRH

Ely's Cream Balm

is quickly absorbed.

Gives Relief at Once.

It cleanses, soothes heals and protects the diseased membrane. It cures Catarrh and drives away a Cold in the Head quickly. Restores the Senses of Taste and Smell. Full size 50 cts., at Druggists or by mail; Trial Size 10 cts. by mail.

Ely Brothers, 56 Warren Street, New York.

A FACT PROVEN.

Should Convince Even the Most Skeptical of Its Truth.

If there is the slightest doubt in the minds of any that Dandruff germs do not exist, their belief is compelled by the fact that a rabbit innoculated with the germs became bald in six weeks' time.

It must be apparent to any person therefore that the only prevention of baldness is the destruction of the germ—which act is successfully accomplished in one hundred per cent. of cases by the application of Newbro's Herpicide.

Dandruff is caused by the same germ which causes baldness and can be prevented with the same remedy—Newbro's Herpicide.

Accept no substitute. "Destroy the cause you remove the effect."

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments must be combined. One is local, one is constitutional, but both are important, both essential

Dr. Shoop's Night Cure is the Local.

Dr. Shoop's Restorative, the Constitutional.

The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerve, all tissue, and all blood ailments.

The "Night Cure", as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, eases nervous excitement, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—as a general tonic to the system. For positive local help, use as well

A DAY OF POLITICS.

The weather on Monday last—March court day—was unprecedented, in as much as it was the balmiest of spring days—a most unusual thing for March court, as the weather on that day is generally about as bad as could be expected.

It was a great day for politics and the candidates. There were a great many people in town, and the numerous candidates had full sway with the sovereign people of Culpeper county.

The lively interest of the people seemed to be centered in the candidates for Congress, Messrs. C. C. Carlin, of Alexandria; R. L. Gordon, of Louisa; John F. Ryan, of Loudoun, and C. E. Nicol, of Prince William, all four of whom were here. Mayor Alden Bell, candidate for the Legislature, addressed the voters from a goods box at the corner of Main and Davis street, as did also R. L. Gordon, of Louisa, one of the candidates for Congress. There was no other speaking. C. C. Carlin, of Alexandria, early in the day demonstrated that he was by far the best "mixer" among the Congressional candidates.

Mr. Carlin did not indulge in any preliminaries with the voters. He would immediately get into the real kernel of his subject, and frankly tell his man that he wanted to represent him in Congress, and that he believed he could do it as well as any of the other candidates, if not better. The Alexandria man has a most engaging manner and attractive personality which won for him many staunch friends. Indeed, he is what is generally termed a "hustler." He went right after his proposed constituents and he won the hearts and good wishes of a great many of them by his frank and open avowal of his desire to represent the Eighth District in the United States House of Representatives. Mr. Gordon also proved himself to be a "mixer" of no mean proportion. Mr. Ryan and Judge Nicol also came in for their share of attention. An accurate estimate of the situation is, of course, out of the question, but Mr. Carlin seemed to be in the lead here on Monday, with Messrs. Gordon and Ryan a tie for second place. Judge Nicol, while having a number of warm supporters, is thought to be somewhat behind Messrs. Gordon and Ryan.

Messrs. J. S. Yowell and A. W. Pulliam, the candidates for the office of sheriff, were both stirring among the people, looking after their interests, as were also Judge W. L. Jeffries, candidate for State Senate, and Hon. D. A. Slaughter, who is seeking re-election to the House of Delegates. Mr. H. A. Wood, of Rappahannock, was here, and confirmed the report of his retirement from the race for State Senate. Mr. Edwin H. Gibson announced to his friends that he would not become a candidate for the State Senate, but had been, and would continue to be a candidate for the Commonwealth's Attorneyship.

Since writing the above it has been learned that Mr. E. O. Willis, of Lignum, has announced his candidacy for the office of treasurer. Mr. Russel Smith, the incumbent, who has filled the office for twenty-eight years, is a candidate for re-election.—[Culpeper Exponent.

The News—No Pure Drug Cough Cure Laws would be needed, if all Cough Cures were like Dr. Shoop's Cough Cure is—and has been for 20 years. The National Law now requires that if any poison enter into a cough mixture, it must be printed on the label or package.

For this reason mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's labels—and none in the medicine, else it must by law be on the label. And it's not only safe, but it is said to be by those that know it best, a truly remarkable cough remedy. Take no chance, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and see. No poison marks there! You can always be on the safe side by demanding Dr. Shoop's Cough Cure. Simply refuse to accept any other. Sold by E. S. Leadbeater & Sons, druggists.

Negro Lynched.

Cleveland Harding, the negro who attempted to assault Mrs. Ben F. Rice, near Florence, Ala., Friday, and who was driven off by Mrs. Rice's shepherd dog, was summarily executed yesterday by a mob of 200 or 300 persons. Tied to a tree with his arms up the negro was riddled with bullets, the first shot, it is said, being fired by Rice, following which every man in the crowd emptied his revolver at the prisoner. Over 1,000 shots were fired.

The negro was captured yesterday half a mile below Florence and was taken before Mrs. Rice, who fainted at sight of him. Upon recovering she fully identified her assailant, and on being asked what should be done with him, told the negro's captors to do as they thought best.

Harding was taken a short distance from the Rice home, where a conference of the mob leaders was held. Some persons favored burning him, but shooting was decided on. Beyond confessing his guilt the negro had nothing to say and seemed indifferent to his fate. The body was left tied to the tree by the mob, the members of which made no attempt to shield their identity.

The sheriff overtook the crowd before the lynching, but his appeals were unavailing.

Many sufferers from nasal catarrh say they get splendid results by using an atomizer For their benefit we prepare Ely's Liquid Cream Balm. Except that it is liquid it is in all respects like the healing, helpful, pain-allaying Cream Balm that the public has been familiar with for years. No cocaine nor other dangerous drug in it. The soothing spray relieves at once and cure is certain. All druggists, 75c, including spraying tube, or mailed by Ely Bros., 56 Warren Street, New York.

ARBUCKLES' ARIOSA COFFEE
GAVE THEM AMBITION AND THE POWER THAT TURNED THE WILDERNESS INTO THE GREATEST RICHES UNDER THE SUN SHINES UPON
SOLD IN SEALED PACKAGES ONLY FOR YOUR PROTECTION

"For over thirty years," writes a gentleman in Los Angeles, "I have used Arbuckles' Coffee. Many times my family has tried other coffee only to come back to our old reliable, unchangeable Arbuckles.' No other coffee has this uniform never failing aroma, I care not at what price. I have often wished I could tell you this." Many other people have the same opinion. Arbuckles' was the first roasted packaged coffee, and its sales exceed all the others put together. That it costs you less is due simply to our coffee business being so much greater than any competitors, in fact, it is larger than the next four largest firms in the world combined. We naturally can and actually do give better coffee in ARIOSA than anyone else can give for the price; Being the standard article it is sold at the narrowest margin of profit.

Some grocers will try to sell you instead loose coffee which the roaster is ashamed to sell in a package bearing his name.

Don't take it, neither the looks nor the price indicate its cup quality. No matter where you buy Arbuckles' ARIOSA, or what you pay for it, it's the same old uniform Arbuckles' ARIOSA Coffee.

If your grocer will not supply, write to

Head-on Collision.

A special train on the Atchison, Topeka and Santa Fe Railway, carrying scores of students home from an intercollegiate field meet at Claremont, Cal., collided head-on with the outbound limited train while both trains were moving at a rapid rate within the city limits Saturday night.

Four persons were killed and seventeen injured, two of whom are expected to die.

Both locomotives, one of the baggage cars on the limited, and the smoking car on the special train were demolished.

The crash was terrific, and was heard a long distance away from the scene.

The collision occurred in that part of the Los Angeles river bed occupied by the Santa Fe tracks, and directly beneath the Buena Visita street bridge.

Railroad officers imply that the accident was due to disobedience of orders on the part of Engineer Kelley, of the limited train. Kelley has admitted that he received written orders to stop at a tower 200 yards before reaching the scene of the collision. The engineer stated that he "had not time to read his orders before pulling out of the station."

Woman Shoots Husband.

Doomed to quick death from cancer and crazed at the thought of parting from her husband, Mrs. Charles Avery, thirty-years old, and well known in Cleveland, Ohio, society, shot him twice with a revolver, Saturday night, in their residence, in Cleveland. The first bullet struck Avery in the back just over the right kidney and may cause his death. The second bullet tore through his left wrist, as he turned toward his wife to enter on a desperate struggle for possession of the pistol.

The Averys went to Cleveland several years ago from New York. The husband is at the head of the Cleveland branch of the Lipton Tea Company. About three years ago Mrs. Avery was stricken with cancer, and six months ago she submitted to an operation in the Lakeside Hospital, but with only temporary relief. On Saturday she summoned a specialist, and insisted on his informing her of his opinion of her case. He told the woman she had only a few days to live, and at once she cried she could not bear to think of dying and leaving her husband behind her.

The Averys have been almost inseparable companions since their marriage, almost fifteen years ago.

SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

MONDAY EVENING, MAR. 25, 1907.

EX-PRESIDENT GROVER CLEVELAND upon his return to Princeton, N. J., from his fishing expedition, took occasion to deprecate the crusade that is now being waged against the prophets and profiters of high finance. Among other things he said:

There is so much of the nature of delirium, in the popular outcry against railroad corporations, for instance. We shall all be ashamed of it by and by. I dare say I have some reason to know of the real iniquities of corporations, and I do know them; but there is much that is not only groundless, but wrong, in the offhand attacks made on the railroads by thoughtless people on all hands. What is well founded in them will be cured, but the craze of denunciation will soon pass. We shall reflect that railroads are virtually related to our prosperity and that to attack them needlessly is to attack ourselves. It is not the stock of soulless millionaires, but the property of citizens, of widows and orphans, whose savings are invested in railroads, that is being damaged. We shall recall what railroads have been and are still to be in the development of our country, and this craze will pass. Of course, there must be some form of governmental supervision, but it should be planned in a quiet hour, not in one of angry excitement.

Concerning the tariff upon which he was twice elected to the presidency Mr. Cleveland said:

It behooves democrats to lose no time in bringing to the front the issue of tariff reform, * * * the issue that will clarify the atmosphere, solidify the friends of democracy and bring victory to the party. I hold the matter of the reform of the tariff to be absolutely fundamental. This question of the trusts is entirely dependent upon it. The tariff is the father of the trusts. In it all forms of corporate injustice find their origin and their refuge. The simple fact is the tariff puts into the hands of the corporations a powerful weapon wherewith to do injustice to our own people. So confident am I, for one, of the success that would follow the democrats of the tariff reform issue, that I am disposed to predict that if we fail to do so now our friends the enemy will take it out of our hands before four more years have rolled by.

COMPLETE failure resulted last week from the efforts of Mayor Weaver, of Philadelphia, to obtain bidders at 3½ per cent. for $5,000,000 of the $13,500,000 loan voted for by the people of that city last November, and as predicted almost without exception by St. Louis brokers there were no bids for the $3,000,000 installment of 3.65 municipal bonds of that city, when the advertised time for the bids expired last Monday. This shows that the time of cheap money has gone by for the present and that lenders are demanding a higher rate of interest for their money than they have for some time past. This fact is of special interest to Alexandria whose 3.65 bonds fall due within the next two years.

DRASTIC criticism of the dairymen supplying milk to the District of Columbia and the flat charge that much of the typhoid fever prevalent in Washington between July 1 and November 1, 1906, was due to impure milk, is contained in the report of the committee, appointed by Surgeon General Walter Wyman, of the Public Health and Marine Hospital Service, to investigate the cause for the undue prevalence of that disease. In this city and vicinity little or no attention is paid to the sources of the milk supply but it is believed that should an investigation be made startling developments would result in many instances.

PRESIDENT J. J. HILL, of the Great Northern, in testifying before the Minnesota Legislative committee which was trying to estimate the cost of the railroads of the State, said he would be glad to have the government take his line, but expressed the opinion that if the government should go into the railroad business Congress would be kept busy night and day making appropriations. And what Mr. Hill said is true. It would be a bad day for the people should the government go into the railroad business.

MANY of the railroads are slowing down fast trains on long runs. Several hours have recently been added to the fast schedules. Wild-eyed citizens who want to fly will object to the reform, but there is little doubt that the railroads have been overdoing the thing in the matter of speed. It offends common sense when lives are sacrificed and rolling stock is smashed to flinders so that a man may get to his destination in the morning instead of in the evening.

HEINRICH VON KORN, proprietor of the Schlesische Zeitung, at Breslau, Prussia, is dead. He was 78 years old and leaves a fortune of about $22,000,000. The paper, which is one of the oldest in Germany, has been in the family for 175 years. It is conservative in politics. The Schlesische Zeitung has 67 years and $22,000,000 to the good as compared with the Alexandria Gazette; that's all.

FORMER SECRETARY SHAW, speaking at the banquet of the South Carolina Society of New York last week, said it was the duty of all citizens to go on record as promising the safety of railroad investments from the reckless manipulator as well as from the reckless demagogue. Those who heard the speech knew instantly that Mr. Shaw's hit was at President Roosevelt.

KANSAS is advertising for a railroad expert at $10,000 a year. The salary, says the Philadelphia North American, would be very acceptable to a lot of fellows who thought they were experts a week or two ago.

From Washington.

(Correspondence of the Alexandria Gazette.)

Washington, March 25.

National and State politics were pretty well threshed over at the White House last night. Timothy L. Woodruff, chairmen of the New York State republican committee, and Secretary Cortelyou, held a conference with the President. When the meeting broke up Mr. Woodruff admitted that the conversation had turned to matters relating to the next national convention and the political situation in New York State "but candidates were not discussed at all," added Mr. Woodruff. Mr. Cortelyou would say nothing. It is understood that Gov. Hughes came in for a large share of the discussion, and that Secretary Taft's candidacy for the presidency was brought up. Gov. Hughes' antagonism towards machine methods in the Empire State is just now giving the wheel horses of the republican party acute pain. He has turned down the politicians on every opportunity that has come his way. Since his induction into office, it is hinted, the governor has not increased in popularity with the President. It is believed that at last night's conference a few nails were driven in Mr. Hughes' political coffin. The President will not name Mr. Hughes for the next presidential candidate. If he does not decide to take the place himself, he will, in all likelihood, designate Mr. Taft. He believes that Mr. Taft would make a very strong candidate. Mr. Hughes will not get even the support of his own State organization.

The Secretary of the Treasury announced this morning that he would accept in substitution for United States four per cent bonds of 1907 now held to secure public deposits any other government bonds, Philippine bonds and certificates, City of Manila bonds, Porto Rican bonds, District of Columbia bonds at par, and Hawaiian at 90 per cent; also State municipal and high grade railroad bonds which are legal investments for savings banks in the States of New York and Massachusetts on a basis of 90 per cent of their market value. It is understood that the Secretary's action is a temporary expedient to relieve the financial situation in New York.

The U. S. Supreme Court today dismissed the writ of error bringing before it the case of Abraham Ruef, of San Francisco, who sought in the lower court to obtain a writ of habeas corpus in the proceedings charging him with extortion. A motion to dismiss was made by counsel for Ruef. Counsel for the State of California asked that the mandate go forth at once. The court so ordered.

U. S. Minister Sleeper, at Caracas, reports to the State Department that fighting occurred at Ontolondo four days ago. This place is on the Venezuelan-Columbian border and the fighting is supposed to be the first outbreak of a new revolution against President Castro. No further details are given by Mr. Sleeper.

Brigadier General McCaskey, commanding the Department of Texas., has approved the finding of the Penrose court martial, which exonerated Major Penrose, but which found that the shooting up of Brownsville had been done by the men of the 25th Infantry.

Government clerks here held a meeting last night and committees were appointed to arrange for the incorporation of a cooperative department store. Goods will be sold at current prices and the profits will be divided among the shareholders.

Parke Herold, of this city, had a needle extracted from his thigh last Saturday. It was found resting on a bone. Herold has no idea how the needle made its way into his flesh.

The Life Saving Service today received a dispatch from the station at Assateague, Va., saying that the schooner J. S. Whitcome, Porto Rico to New York, stranded off there at 4 a. m. The crew were all saved.

They're off at Bennings. The Spring race meet promises to be a most successful one. The New York racing element is here in generous proportions. The best horses are to have a Spring try out. The best jockeys will ride. Social Washington is ready to turn out in large numbers. The bookmakers will be kept moving. That is they will not be allowed to use stools and will have to be continually changing their position in the betting ring. Under a decision of the courts, as interpreted by the police authorities of the District of Columbia, there is no gambling if bookmakers take bets and then move, even if the distance they cover is not more than one inch. The Spring Handicap is today's feature with Graziallo the pick of the form students.

The Benning Races.

Racing in the East for the season of 1907 began at the Benning track this afternoon, under the auspices of the Washington Jockey Club. Not in the history of the Benning track have so many applications been made for stable room as this spring.

The card for the opening day consists of six races—five on the flat and a steeplechase of two miles. The feature of the day will be the Arlington Purse, at half-mile, over the old course, and the renewal of the Benning Spring Handicap, at three-quarters of a mile, over the Columbia course. There are 22 entire for the handicap, and some of the best horses at the tracks are carded to start.

Officer Prevented Suicide.

New York, March 25.—Only the chance passing by of Officer O'Brien, of the Tombs prison, early today, prevented the suicide of Otillia Schneider the woman who on November 28 last at Fifty-ninth street and Madison avenue, shot Dr. Broege and Carl Schien, a Columbia University student. The woman was found hanging by a leather strap fastened to her cell door just above about to breathe her last. She shot Dr. Broege under the hallucination that he had performed an operation on her.

News of the Day.

Pobiedonostseff, the famous ex-procurator general of the holy synod, died, in St. Petersburg on Saturday.

The railroad situation was rendered more acute at Chicago today by the introduction of new demands for increased wages and reduced hours by the 37,000 firemen.

Edward Bradbury Haskell, one of the proprietors and formerly editor in chief of the Boston Herald, died of angina pectoris early today, at his home in Auburndale.

Former President Grover Cleveland deprecates the popular outcry against corporation and urges tariff reform as the real cure for our political and economic ills.

The biggest Palm Sunday crowd in the history of Atlantic City paraded on the Boardwalk yesterday. It is estimated that not less than 100,000 visitors took part in it.

Ernest W. Bowman, assistant cashier and clerk in the Citizens' National Bank of Tionesta, Penn, was arrested Saturday for misappropriation of funds, the apparent shortage being $30,000.

William Lloyd Garrison, in a speech in Boston, Saturday, said that he was more disturbed by the concessions of northern friends of the negroes than the attitude of Southerners who are making capital out of race hatred.

In reply to Senator Cullom who recently said that Mr. Harriman should be in the penitentiary, the latter is quoted as saying that he would rather go to the penitentiary than to the poorhouse as the result of bad railroad management.

Choluteca, the most strongly fortified city in Honduras, has fallen before the victorious Nicaraguans and Honduran revolutionists, and President Bonilla is said to be fleeing for safety. Several Nicaraguan gunboats are pursuing the fugitive head of the Honduran government.

It is understood that the Pennsylvania Railroad Company has stopped work on improvements that would cost $25,000,000. The action is in line with that of the New York, New Haven and Hartford Railroad, which has halted improvements costing $10,000,000 because of adverse legislation.

Judgment for $1,034,748.60 has been recorded in the Supreme Court of New Jersey against the Pennsylvania Railroad Company, on account of its failure to obey the order of Chief Justice Gummere, directing the railroads to pay one half of one per cent. of the tax levied under the Perkins main stem act.

The grand jury at Rockville, Md., charged Conrad Royer with having poisoned some stock belonging to Oliver G. Henley, a neighbor, over a year ago. Henley's dwelling was destroyed by fire soon after the poisoning was discovered, and the two occurrences caused great indignation in the community. The county commissioners offered $1,000 as a reward for discovery of the guilty parties. The grand jury also indicted William H. McKay, charging him with the murder of his wife's mother.

Virginia News.

Mrs. Amanda Yowell died at her home near Culpeper yesterday, in the eighty-ninth year of her age.

Miss Louisa Orrick Swann died yesterday at the home of her sister, Mrs. Francis Swann Williams, at Maynside, Fairfax county.

Twelve thousand persons paid admission fees yesterday to see the construction work in progress on the Jamestown Exposition grounds.

J. M. Ramey, a prominent merchant of Marshall, died yesterday at his home in Marshall, after a brief illness. He was sixty-seven year of age. His wife and one son survive him.

William Hall, the negro who is alleged to have attempted to assault several little white girls on Church Hill, Thursday morning, is under arrest at the First police station in Richmond, where he is being closely guarded.

Cards are out announcing the marriage of Miss Adelia Osburn, of Leesburg, to Benton M. Buckey, of Vienna, Fairfax county. The ceremony was performed at the residence of the bride's sister, Mrs. L. R. Via, in Parkersburg, W. Va., on Thursday.

Virginia produced during the year 1905 a total of 4,275,271 short tons of coal, valued at $3,777,325. These are the figures of the United States geological survey. The coal mining industry of Virginia has grown with great rapidity during the last fifteen years.

The burial of Peter Good, alias Charles Schaffer, who was hanged in Luray on Friday, took place in the Adventist burial ground, near Stanley, Page county, yesterday. Between 1,200 and 1,500 people were present. Good gave instructions to Undertaker Bradley to have his coffin opened and allow his friends to take a final look at his remains.

Miss Valleria Nalle, daughter of the late Thomas B. Nalle and Columbiana Major, died at her home, near Culpeper yesterday. Her father once represented that county in the legislature and he at one time was a purser in the United States navy. She was a sister of Gen. William Nalle, ex-adjutant general of Virginia.

Little more than one-half of the class that applied to the State Board of Pharmacy in Richmond last week for license to practice as registered pharmacists or registered assistant pharmacists, succeeded in making the necessary average with which to secure a license. The class contained eighty-two members when the roll was called. Two of the four ladies applying succeed in making the examination.

As an expression of his gratitude for kindly treatment at the hands of Confederate soldiers during the civil war, Captain E. G. Griswold, of the Eleventh Vermont Volunteers, has written a letter to Postmaster Cabell, of Richmond, offering his pension of $12 a month to any camp of Confederate Veterans there which will accept it, for the benefit of aged and needy ones who followed the flag of Lee.

The Alaska Packers Association are about to introduce the Argo Red Salmon in this market. They are the largest Salmon canners in the world employing an army of 7,500 men, with a fleet of over sixty vessels and the Argo is the choicest red Salmon packed. It is caught in the icy waters of Behring Sea. The flesh is very firm, of a beautiful red color and delicious flavor. It sells at 15 cents a can, which is much below the price that good qualities of Salmon have sold for in the past.

The San Francisco Bribery Cases.

San Francisco, March 25.—The grand jury will convene today to hear a sworn statement of how the Home Telephone Company tried to bribe the famine-stricken with food immediately after the earthquake to grant a franchise, how the $200,000 disappeared, and how the company did not get the franchise, but got the double cross instead. Several prominent capitalists will arrive from Los Angeles to give the story in detail. On the first relief train Los Angeles sent to this city after the disaster came $250,000 in gold coin, in the care of a well-known stock broker of Los Angeles. The understanding of the sixty-five stockholders of the Home Company was that this money was to be used to relieve the pressing necessities of the people of the city provided the Home Telephone Company was granted a franchise. While the people were crying for bread and shelter what might have been a princely donation toward their relief was stolen by the grafters. Of the mess of pottage the Home Telephone people were anxious to give the people of this city all that went into the relief fund was $25,000. Ruef, Schmitz and the supervisors are alleged to have received the remainder, and another company got the franchise.

Efforts at Reconciliation.

New York, March 25.—A reconciliation between Mme. Eames Story, the grand opera singer, and her husband, Julian Story, the famous painter, is being considered today. Every effort is being made by mutual friends to bring the husband and wife together. It is reported Story had arrived here early today. Mme. Eames is living at the Hotel Astor and Story hopes for a personal interview when their grievances, which led to the wife's suit for divorce, can be adjusted. Those who know Madame Eames fear she will not receive her husband. The famous masked ball given by Mr. Story at the Bellevue-Stratford Hotel in Philadelphia many months ago is said to have led to the estrangement of the couple. Mme. Eames, it is reported, was then given some interesting information regarding her husband's action by two women who did not recognize her in her costume. After the ball she accused her husband, it is said, and left him after an agreement to keep apart had been made.

The Thaw Trial.

New York, March 25.—Statements were made today by all Harry Thaw's lawyers just before starting to court to hear whether Justice Fitzgerald wished further evidence submitted by either side as to the sanity of the defendant that they would have nothing more to offer except a brief unless the Justice demanded further affidavits.

Lawyer Hartridge had prepared a brief which, it was stated, dealt merely with the legal features of the proceedings. It was known that District Attorney has prepared a long brief but no inkling of its contents was given out.

In case Justice Fitzgerald rules against a lunacy commission it is believed the case will be wound up this week. If a commission is named, it may take it two or three weeks to reach a conclusion and the trial must be suspended for this period.

Charged with Poisoning her Child.

Carmel, N. Y., March 25.—Jennie Burch, a 15-year-old girl, whose grandmother was a full blooded Mohawk Indian, faced Justice Mills in the Supreme Court here today for trial on the charge of poisoning three-year-old-son Herbert Winship, six months ago. The case presents a rare psychological problem and it is expected that a lunacy inquest will be called. After the child's death, the girl is said to have confessed to the coroner that she put poison in a peach and gave it to the baby because she loved it so much she could not be happy. When she was arraigned three weeks ago, she pleaded not guilty and stubbornly declared her innocence. Jennie is said to have eaten half of the poisoned peach and to have been very ill. Some say she thought she was suspected of setting fire to the Winship barn and that she tried to kill herself and "take the baby with her."

Editor Warned.

Paterson, N. J., March 25.—Ludovico Caminita, editor of La Questione Sociale, has received a letter signed, "Vigilance Committee of the Law and Order League," which says: "We take this method of informing you that we will not stand for a publication that incites riot and disorder and arouses dissatisfaction among the working element. We will teach you that American citizens will not allow foreigners to band together to destroy life and property. This you have done, as shown by the cowardly assassination of Justice Robert Corteze a few weeks ago. As soon as you step over the boundary we will take the case in our own hands and drive every anarchist out of Patterson. We are sending you a warning and it will be well for you to heed it."

Wants Government Control.

Denver Col. March 25.—President Winchell, of the Rock Island Railroad, discusses the future of the railroad business in America optimistically, declaring himself in favor of government control of railroads. "I have so much faith in the good sense of the people that I think we will be allowed to make a reasonable return on our business," he said. "We are building for the future as well as for the present. The Federal government should have general control of the railroads. The two-cent-a-mile legislation passed by some of the eastern states will be tested in the courts".

Acquitted of Charge of Murder.

Carthage, Mo., March 25.—Arthur Sanderson has been acquitted of the murder of Dr. Solomon D. Meredith, at Carthage on Jan. 25. Mrs. Sanderson testified that Dr. Meredith, the family physician, had made love to her when she went to his office to consult him. When Sanderson was told his wife's story he brought the doctor to the house, accused the physician and fatally shot him.

Murder on a Car.

Springfield, Ill. March 25.—Peter Clark today shot and killed Mrs. Hill on an interurban car south of this city. Both are prominent church choir leaders.

Mr. Bryan Interviewed.

Chicago, March 25.—In the opinion of William Jennings Bryan, President Roosevelt is being carefully led into a dangerous trap set for him by the shrewdest railroad man in the country. In an exclusive interview to a correspondent of the Publishers Press at Chicago, today, Mr. Bryan denied emphatically that the attitude of the big railroad magnates of the country who within the past month have been rushing into print with statements that they favored federal control of railroads are approproaching the view point he held when at Madison Square Garden last fall when he came out flat-footed in favor of government ownership of all the railroads in the United States. According to the opinion of the Nebraskan the railroads are planning a master coup.

"The railroads wish to get rid of state and substitute congressional authority over their lines," said Mr. Bryan today. "The railroads would rather deal with one legislative body than forty-five. Concentration of all authority over them would be very much to their liking, and the 'government control' they seek would be playing directly into their hands."

Mr. Bryant went on further, in an effort to shatter any illusion that might exist regarding the air of contrition and reform assumed by the railroad kings. He pointed out that the character of the men who are rushing pell mell to clamber on the "government control" band wagon, said to have been wheeled out by President Roosevelt, was sufficient to rouse suspicion as to their sincerity and the wisdom from the people's standpoint of this movement.

[Ex-President Cleveland, in an interview comes out for the regulation of the railroads by the federal government. He also says that the tariff is the father of the trusts and that the next campaign should be fought on that.]

Tegucigalpa Invested.

Managua, Nicaragua, March 25.—Tegucigalpa, capital of Honduras, is under attack by President Zelaya, according to a report received here today. Its fall is expected today, as the allied Honduran and Salvadorean armies are said to be demoralized.

Details of the fighting on Friday show that the allied armies of President Bonilla of Honduras and General Presa, the Salvadorean commander, were routed.

Choluteca, the most strongly fortified town in Honduras, fell into the hands of President Zelaya almost without a fight after the allies had been defeated in a ten hour battle, at Maraits.

President Bonilla is a fugitive and is racing for some Pacific port. Nicaraguan vessels are watching the coast closely and it is believed he will be intercepted.

After their defeat at Maraits, the Hondurans and Salvadoreans retreated toward Choluteca. The retreat soon became a rout, in which the fugitives threw away their arms and ammunition.

The fleeing armies were dogged to Choloteca, the Nicaraguans giving them no time to fortify themselves. Then President Bonilla, choosing a guard of 600 men, started for the coast.

General Presa with the remnants of his command, made for the Salvadorean border.

Physician Killed by Negress.

Union, S. C., March 25.—Much mystery is attached to the killing of Dr. Will Lindon, one of the best-known physicians of Union, by Lucy Litz, a negress, today. The woman walked into the doctor's office and drawing a pistol from the folds of her skirt, shot the physician in the back, killing him instantly. The negress was arrested, but refused to discuss the tragedy.

Statement from Lord Rothschild.

London, March 25.—Lord Rothschild today issued the following statement regarding the market conditions: "One thing is certain. There is no panic and there is no danger of a panic in London. There may be a few small failures, but reports that a big financial house is in difficulties or that serious troubles are anticipated are mere inventions."

"Preventics" will promptly check a cold or the Grippe when taken early or at the "sneeze stage" Preventics secure seated colds as well. Preventics are little candy cold cure tablets, and Dr. Shoop, Racine, Wis., will gladly mail you samples and a book on colds free, if you will write him. The samples prove their merit. Check early Colds with preventics and stop Pneumonia. Sold in 5c and 25c boxes by E. S. Leadbeater & Sons, druggists.

New York Stock Market.

New York, March 25.—Trading was again demoralized on the stock exchange today, and in the first hour alone thirty-two stocks sold below the prices they touched in the panic of March 14.

Steel preferred at one o'clock had dropped to 92 7-8 a loss of five points from the closing prices on Saturday.

The big drop in the London metal market caused sharp declines ranging from 4 to 6 points in the copper shares. Prices of railroad shares steadily declined, due to the possibility of a strike of railroad trainmen, which might serve to cripple traffic on 49 railroads. Frequent rallies occurred during the opening, but they were of short duration and all stocks again broke sharply. At 1:30 the market was still weak with bears offering stock continuously. Losses ranging from 3 to 8 points were sustained in many other stocks.

LETTER TO MR. MILLS,

Alexandria, Virginia.

Dear Sir: "If you should bake bread that people like better than any other, and at less cost by the day, you'd have a pretty good business, wouldn't you?

We have just such a business as that in paint; a gallon goes farther than any other gallon of paint in the country—that's bread at less cost by the day; but the difference isn't so small as it is in bread And a job wears longer—that's bread at less cost by the year. People hate to paint; it costs money to paint; and they hate the fuss. They like our bread by the year.

If your bread is better that anybody-else's, and costs less too, you've got a good trade; for people do like good bread; and people like money. It doesn't take long to find out; give 'em time.

But you can't bake better-than-anybody-else's bread for half the usual price for a breakfast, can you?

Devoe is just such a paint as that. The price by the gallon or loaf is no matter. Count by the day month year lifetime. Devoe is the bread. We hope yours is as good.

Yours truly,
F W DEVOE & Co.

COURT OF APPEALS.

The following were in progress on Saturday:

Finch vs. Causey and Woodward. Argued and submitted.

Garrett vs. Finch. Argued and continued until today.

The next cases to be called:

Bowles vs. Rice, Knights of Columbus vs. Burroughs (continued), Lynchburg Traction and Light Company vs. Guill, Barton vs. Siefert Plastic Relief Company (continued), Burnette vs. Young, Browder vs. Southern Railway Company, and Smith vs. Smith, being Nos. 84, 85, 87, 88, 89, 90, 91, 92 and 94 on argument docket.

Some time ago the Court of Appeals prescribed the time to be allowed counsel in arguing matters before the court, and Saturday the court made still further changes in the rules regarding other points of procedure in the court. The court fixed the time for examination of applicants for licenses to practice law, making the Friday after the second Tuesday in November the fixed time for the examination.

In connection with the filing of briefs, the court made the following change in the rules today:

"A clear and concise printed brief of the points intended to be insisted on by each party in an appeal, writ of error, or supersedeas, and the authorities in support thereof, signed by his counsel on the part of the appellant, shall be filed in the clerk's office fifteen days before the argument of the case begins; and the appellee's brief shall be filed with the clerk at least eight days before the argument begins; and the reply of the appellant shall be filed at least two days before the argument begins in which he shall insert all the authorities relied on by him; and no error other than such as shall be pointed out and insisted on in such brief, on the part of the plaintiff or appellant, shall (without leave of the court) be admitted as a ground for argument, on the hearing of the cause. No cause shall be proceeded in without such brief. But a party who has prepared and filed a brief may insist on a hearing when the cause is regularly called, although no brief shall have been made on the part of his adversary. If one of the parties omits to file such a brief, he cannot be heard, and the case will be heard ex parte upon the argument of the party by whom the brief is filed. The plaintiff or appellant may adopt the petition as his brief. If no brief be filed by either party when a cause is called, it shall stand continued until the next term, unless the court shall otherwise order. Counsel must mail or deliver to opposing counsel a copy of his brief within the prescribed time for filing briefs."

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Weather Probabilities.

For this section fair tonight. Tuesday partly cloudy, fresh northeast to east wind.

T. P. A.

The annual meeting of Post F, Travelers' Protective Association, of Alexandria, was held at the Hotel Rammel Saturday night, when officers were elected and a committee, composed of the president, vice president and the chairmen of the standing committees, was appointed to make the arrangements for the entertainment of the delegates to the State convention, which will be held in this city May 10 and 11. The following officers were elected: Julian Y. Williams, president; Henry K. Field, vice president; C. C. Carlin, attorney; Rev. Joseph R. Sevier, chaplain; Dr. William M. Smith, post surgeon; C. C. Leadbeater, Charles B. Marshall, Frank T. King, George D. Hopkins, John P. Robinson, and J. M. Willis, directors; A. D. Brockett, chairman of the railway committee; John H. Trimyer, chairman of the legislative committee; O. H. Kirk, chairman of the press committee; Raymond Hulfish, chairman of the hotel committee, and W. A. Smoot, jr., chairman of the employment committee.

A Warning.

The congregations in some of the churches in this city were annoyed last night by boys who passed in front of the edifices and made unnecessary noises. The weather being warm, the doors of the places of worship were open, and the unseemly conduct of the youngsters in some cases disturbed the worshippers. This is often done during the summer, and parents who allow their children to stray about the streets at night should see that they behave themselves, especially in front of churches. The penalty for disturbing worship (under the State law) is severe, and attendants at the churches are not desirous of seeing it enforced. The policeman on a ward cannot be all places at one time, and it is incumbent upon parents to take a hand in suppressing disorderly conduct on the part of their children before they are called upon to pay fines for them.

River Notes.

The three-masted schooner L. A. Plummer, which was recently at the shipyard loading a cargo of railway ties for New York, sailed Saturday in tow of the tugboat Wm. H. Yerkes, jr., for the mouth of the river. The schooner has aboard about 10,000 ties.

The four-masted schooner Estelle Phinney, which recently brought a cargo of ice from Maine to the Mutual Ice Company, left Saturday for Baltimore where she will load coal for a northern port.

The high water in the Potomac river has caused a cessation of the work of tearing down the old Long Bridge, and the work will, therefore, not be completed before the 1st of July.

Bishop Hoss.

Bishop E. E. Hoss, of Nashville, Tenn., preached last night before a large congregation in the Methodist Episcopal Church South. His discourse was one of the most interesting heard in this city for some time. He took for his text, "What think ye of Christ?" It was the final sermon of the conference year. At the morning service Rev. Charles D. Bulla, the pastor, complimented the congregation on the accomplishments of the past twelve months, and said that a most satisfactory report of the results would be made at the conference which convenes next Wednesday in Staunton. Bishop Hoss will be the presiding officer of the conference.

Accident to a Locomotive.

Considerable excitement was caused in the neighborhood of Wilkes and Fairfax streets about 12:30 o'clock yesterday afternoon by the sudden escape of steam from a locomotive as it emerged from the western end of the tunnel. The noise was deafening, while clouds of steam ascended. People ran from every direction to the scene, while almost as many more stampeded away from the locality, supposing the locomotive's boiler had exploded. The accident was caused by the blowing out of the safety valve. No one was hurt. The engine was later pulled to the depot by another locomotive.

Palm Sunday.

Palm Sunday, the beginning of Holy Week, and the day set aside by the church to commemorate Christ's entry into Jerusalem, when the populace carpeted His way with palm branches, was celebrated yesterday in some of the churches of the city. The day was remarkable for its fine weather. In St. Mary's Church bunches of palms were blessed and distributed during the services. These were afterwards worn not only by Catholics, but by many Protestants.

Missing Man.

The Alexandria police have been asked to aid in finding Maj. Jackson E. Sickles, eighty-five years old, of Alexandria county, who, it is said, was last seen boarding a car of the Mount Vernon line at St. Asaph station, about 11 o'clock Saturday morning. He had expressed his intention of going to Washington, but nothing further has been heard of him. Maj. Sickles is a civil engineer by profession, and was at one time county surveyor of Alexandria county.

The Weather.

The weather was warm again yesterday, the mercury at 4 o'clock in the afternoon standing at 84°. Brisk winds from the north, however, which grew colder toward evening, gave a semblance of March to the latter part of the day. After night the temperature fell and more seasonable weather prevailed. This morning at 7 o'clock the mercury was down to 43°, with a northeasterly wind prevailing. By noon the mercury had run up 56°.

Robbery in Manassas.

Chief Goods, of the police force, today received a letter from Town Sergeant Willcoxen, of Manassas, stating that on Saturday night the windows of two stores in Manassas were broken and goods stolen therefrom valued at $50. The police of this city are asked to look out for the thieves.

The Murderer Johnson.

William Johnson, colored, alias George Midgets, will be placed on trial in the Corporation Court in this city on Wednesday, for the murder of Charles T. Smith, on October 20 last. City Sergt. Robert H. Cox and Warden William E. Candler left this city for Fredericksburg yesterday afternoon about 4 o'clock.

The City Sergeant and Warden Candler left Fredericksburg with the prisoner at 10:22 this morning.

Gov. Swanson, through Adjt. Gen. Anderson had ordered Company L, Seventieth Virginia Regiment, of Fredericksburg, under command of Capt. T. M. Larkin, to act as an escort to the civil officers.

The train drew into the new union depot at 12:30 today, when the officers, soldiers and prisoner, left the cars and took an electric train which was waiting for them at Spring Park. The train was soon on its way to Arlington Junction, from which point Johnson was taken to the jail in Alexandria county. There was a crowd of people at the depot, but no demonstration took place.

Mayor Paff this morning received a telegram from Governor Swanson notifying him that he had directed the Fredericksburg command to accompany Johnson and the officers having him in charge, and to be subject to the orders of Mayor Paff. The latter, in accordance with the law sent the letter to Captain Larkin, of the Fredericksburg company, directing him and his command to accompany the prisoner to the Alexandria county jail and continue with him until the judge of the Corporation Court ordered him to be arraigned in court for trial, and to accompany the prisoner to and from the court room.

Sergeant Cox sent a telegram from Fredericksburg this morning directing that an electric train be in readiness at Spring Park at 12:30 for the purpose of taking the prisoner and his escort to Arlington Junction.

The Fredericksburg company numbers 44 men.

St. Mary's Church.

The following special services will be held at St. Mary's Church during this —Holy Week:

Wednesday.—3:30 p. m., stations of the cross and benediction of the blessed sacrament.

Thursday.—8 o'clock a. m., high mass, procession of the blessed sacrament through the church to the altar of repose. The procession will be made up of the altar boys and a number of little girls, dressed in white. After the procession the adoration of the blessed sacrament will begin and continue till 8 p. m.

Friday.—At 8 a. m. will begin the Good Friday ceremonies, and the prophecies of the Old Testament concerning the death of Christ will be read. After the prophecies the blessed sacrament will be taken from the altar of repose and brought back in procession, as on Thursday, to the high altar, when the mass of the presanctified will be sung. At 7:30 p. m. stations of the cross and night prayers.

Saturday.—7 a. m., the paschal candle and the baptismal font will be blessed. Those who have been preparing to enter the church for some time will be received, and be the first on whom the new baptismal water and new holy oils will be used. After the blessing of the font, the high mass of the resurrection will be sung by the male choir. This mass ends the Holy Week services, the end of the holy season of Lent.

The District Vote.

Politicians are analyzing the vote which was cast at the Martin-Montague primary, in August 1905, but it is generally conceded that the vote at the coming primary will somewhat exceed that. The vote case in the senatorial primary was as follows: Loudoun county, 1,626; Fauquier, 1,252; Alexandria city, 1,010; Fairfax, 967; Culpeper, 920; Prince William, 733; Louisa, 564; Orange, 531; Stafford, 288; King George, 235, and Alexandria county, 261,—total 8,387. It will be seen that should the vote be about equally divided the candidate receiving even less than 2,500 would secure the nomination.

Jumped Into the Creek.

Two soldiers from Fort Hunt, who were charged with stoning a house in Fairfax county, came to this city last Friday and that night boarded a south bound train for the fort. After leaving this city the soldiers saw Constable A. J. Payne on the car, and, supposing he had a warrant for their arrest, jumped from the train after it was well out on Hunting creek bridge plunging into the deepest part of the creek. The train was stopped and the men were rescued by the constable and the train crew. The constable had no warrant for the arrest of the men, and their rash act was uncalled for.

The Churches.

Yesterday was a lovely spring day. The churches were all well attended and the services were conducted according to previous announcement. The day being Palm Sunday the usual blessing and distribution of palms took place at St. Mary's Church and services set aside for that day were held in many of the other churches, in several of them "The Palms" being sung by the choirs. Many people were on the streets, some wearing palms and not a few spring bonnets and suits were noticeable.

Mr. Foster's Address.

There was an appreciative assemblage of men in the Second Presbyterian Church yesterday afternoon, when Mr. Percy S. Foster, of Washington, delivered his lecture on the subject "Hallelujahs Crystalized Into Work." Mr. Foster was listened to with close attention, his address having been very interesting. The musical features of the occasion were enjoyable.

Ball Games.

Central High School basketball team, of Washington, was overwhelmingly defeated by the Episcopal High School on the latter's ground Saturday evening. The score was 33 to 2.

The Central Young Men's Christian Association basketball team, of Baltimore, defeated the Alexandria Athletic Association here on Saturday night, 28 to 21.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

James Lucas, arrested by Officers Beach and Garvey charged with assaulting Georgie Holmes, colored, was fined $10.

Christopher Devitt, arrested by Officer Talbot for drunken and disorderly conduct, was sent to jail for 20 days.

George Griffin and Harry J. Beach, arrested by Lieutenant Smith and Officers Beach and Garvey charged with drunken and disorderly conduct, forfeited their collateral by failing to appear.

Edward Jenkins, arrested by Officers Beach and Garvey charged with being drunk and disorderly, was fined $5.

James Davis, colored, who has been wanted for some time on the charge of being drunk and disorderly, was arrested today by Officer Beach. He left collateral for his appearance tomorrow.

James Williams, colored, was committed to the alms house, and Ida Sides was sent to the hospital.

Swan Bros.

Messrs. Swan Bros. have leased for a term of years the building at the northeast corner of King and Pitt streets, now occupied by the Goodloe Company, which is about to retire from business, and will remodel and refit the building in a handsome and convenient manner for their growing dry goods and notion business. It will in a short time be put in the hands of contractors for the work and the Messrs. Swan expect to occupy their new quarters late in the summer.

Director Elected.

At a meeting of directors of the Alexandria Water Company held today Mr. James W. Roberts was elected a director to fill the vacancy caused by the death of Mr. W. Frank Lambert.

LOCAL BREVITIES.

Mr. Andrew Pettit died at his home near Accotink, on Saturday.

The receipts of fresh fish from the nets in the Potomac are growing larger daily.

April 1st is the last day discount can be saved on gas bills for quarter ending March 1. See notice of clerk of gas.

As heretofore stated the choir of St. Paul's Episcopal Church will sing the cantata "The Crucifixion" Tuesday evening at 8 o'clock.

Raymond Cronin, a young nephew of P. T. Harrington, of this city, was operated on for appendicitis at the Alexandria Hospital yesterday morning. The operation was performed by Drs. Delaney and Klipstein. The young man's condition today was considered favorable.

County organization for Alexandria county is to be discussed at a meeting at Fort Myer Heights Chapel, near the court house, tonight. Among the subject for discussion are improvement of county roads and the continued suppression of gambling and liquor selling.

The funeral of Charles Smith, who died Friday evening at the Alexandria Hospital of typhoid fever, was held at Demaine & Son's undertakers parlors yesterday afternoon, Rev. Charles D. Bulla, pastor of the Methodist Episcopal Church South, officiating. The interment was in Bethel Cemetery.

Mr. John Darling, who was in charge of a wagon belonging to E. S. Leadbeater & Sons, was painfully injured in Washington on Saturday last by the horses attached to the vehicle becoming frightened and running away. Mr. Darling held on to the frightened animals and was dragged some distance before he succeeded in stopping them.

There was a fire in the vicinity of Luna Park yesterday, a passing locomotive having it is supposed set fire to some bushes. There was anxiety at the park lest the fire, which had spread over an acre, would invade the resort. The flames were, after some difficulty, extinguished by employees and others. A high northwest wind was prevailing at the time.

Bad Cooking Leads to Tuberculosis.

Talking about tuberculosis to the Woman's Municipal League in New York Thursday Dr. J. B. Huber traced a large part of the disease back through alcoholism to bad cooking.

"Among men," said Huber, "half the cases of tuberculosis are the result of alcoholism. And about the causes of alcoholism, I have ideas different from those commonly entertained, perhaps. A man is not necessarily vicious because he drinks. I was called in to a saloon early one morning to attend a patient, and found a long line of men waiting to to get their drinks. I thought it strange that so many men should be so anxious to drink before breakfast that they had to wait their turn to be served. Since then I have had opportunities to make many similiar observations, and I now see that it is not strange that these men should want to drink. The cooking in their homes is so vile that these poor, wretched fellows have to drink. They are so exhausted with the battle of life that they have to do something, however foolish, however mistaken, to keep up their bodies for fresh exertion. Thus they create a predisposition to tuberculosis. Most consumptives are very poor, and if women of leisure would teach their porrer sisters to cook they would be doing much to prevent tuberculosis."

Dr. Huber also spoke of the "dreadful cooking," of the rural districts as a cause of tuberculosis there, although other conditions are unfavorable to the development of the disease.

A Humane Appeal.

A humane citizen of Richmond, Ind, Mr. U. D. Williams, 107 West Main St., says: "I appeal to all persons with weak lungs to take Dr. King's New Discovery, the only remedy that has helped me and fully comes up to the proprietor's recommendation." It saves more lives than all other throat and lung remedies put together. Used as a cough cure the world over. Cures asthma, bronchitis, croup, whooping cough, quinsy, hoarseness, and phthsic, stops hemorrhages of the lungs and builds them up. Guaranteed at E. S. Leadbeater & Son's drug store. 50c and $1. Trial bottle free.

A Historical Site.

A dispatch from Rome says that one of the principal ceremonies during Easter time will be the reopening of the church of San Andrea Della Valle, which has been closed for repairs for several years. This church stands on the site of the Senate house where Caesar was murdered. It was built in 1591 by monks of the Theatine Order, and its dome, which is the largest in Rome after St. Peter's, was decorated by Domenichino.

The opening ceremonies will have something of an American character, as the president of the committee on restoration is Rev. Winter Baumgarten, of Pittsburg. The American branch of the Theatine Order will be represented by Father Ryan. Archbishop Quigley, of Chicago, will say mass in the church on April 11, and he will be assisted by students at the American College. On April 2 mass will be said by Archbishop Seton, of Jersey City, assisted by American students at the College of the Propaganda. In the afternoon of April 2, Cardinal Martinelli will bless the church.

Does Coffee disagree with you? Probably it does! Then try Dr. Shoop's Health Coffee. "Health Coffee" is a clever combination of parched cereals and nuts. Not a grain of real Coffee, remember, in Dr. Shoop's Health Coffee, yet its flavor and taste matches closely old Java and Mocha Coffee. If your stomach, heart, or kidneys can't stand Coffee drinking, try Health Coffee. It is wholesome, nourishing, and satisfying. It's nice even for the youngest child. Sold by E. S. Leadbeater & Sons, druggists.

Where the Apostle Peter Died.

Professor Marucchi, the distinguished archaeologist, who this year showed almost conclusively that the death of St. Peter took place in or near the Vatican in Rome and the great church that bears his name, and not, as later tradiction affirmed, on the Janiculum, where the church San Pietro, in Montorio, stands, has given a lecture, in the crypt of St. Peter's the unquestionable site where the sarcophagus of the great apostle is still to be found.

The professor pointed out that the present bilica stands on the very spot on which once stood the great villa of Nero. Many pagan tombs have been found there, proving that the grounds of the villa contained a burying place for the use of Caesar's household. If Peter were martyred there with the other Christians who perished in the persecution of Nero it would be extremely probable that he would be interred in the tomb of one of Caesar's servants, since the Epistle to the Phillippians proves that Christians were to be found in the household of the emperor.

Health in Canal Zone.

The high wages paid make it a mighty temptation to our young artisians to join the force of skilled workmen needed to construct the Panama Canal. Many are restrained however by the fear of fevers and malaria. It is the knowing ones—those who have used Electric Bitters, who go there without this fear, well knowing they are safe from malarious influence with Electric Bitters on hand. Cures blood poison too, biliousness, weakness and all stomach, liver and kidney troubles. Guaranteed by E. S. Leadbeater & Sons, druggists 50c.

Strange Confession.

To save the reputation and honor of the man she loved and his lawfully wedded wife, Isabelle Phillips, known in Asheville, N. C., as Mrs. Samuel J. Taylor, has made a strange confession, in which is revealed the story of her unfortunate life.

Isabelle Phillips is the mother of Taylor's children. She has lived with him for ten years. She has been a good mother and loving helpmate. Taylor ran away some time ago with Gertrude Clontz, a pretty and popular nineteen-year-old girl of Canton, N. C., to whom he was married at Greenville, S. C. A warrant for bigamy was issued against him. His bride was brought back to her parents and Taylor fled.

Every effort was being made to find him and bring him to justice, when Isabelle Phillips made her confession that she had no lawful right to the name she has borne in Asheville. She has placed all the blame upon herself. With a brand on her name, she has disappeared, leaving her children to those who will care for them well.
